

Online Family Classrooms

For School Students and Collegiates

Greetings !

IELTS Counsellor has started *Online Family Classrooms* for everyone at home :

Online Family Classrooms

Our online lessons are being appreciated by parents whose children have enrolled in these online classrooms and experienced the quality of our training system. Moreover, one or more of the family members can join the same sessions without paying any additional charges. A range of subjects can be chosen depending on the choice of all the family members participating in this virtual classroom.

Ranging from International English tests such as IELTS, TOEFL, PTE, and OET to the English language improvement programs, this online course has everything that you need for your best career goals.

Optional Subjects

1. School Subjects: English, Math /Algebra, Computers, Science (Physics, Chemistry and Biology)
2. School College Homework Support
3. College Subjects: Physics, Chemistry, Biology (Botany, Zoology, Biotechnology, Microbiology)
4. English Proficiency Tests: IELTS, PTE, OET, TOEFL, CAE and other examination where English language becomes uncompromising.

How to register for Online Family Classroom:

Step 1: Choose the subject to study / test to prepare.

Step 2: Use WhatsApp / E-mail to express your interest.

Step 3: We will provide you further course details.

Step 3: Pay the fee in person or through the website.

Step 4: Receive acknowledgement and Online Resource Login from us

Step 5: Prepare your computer to start attending lectures in your own comfort zone.

Location : *All these courses are online and can be completed right in your own premises.*
